(REVISED 4/10)

EXHIBIT B

MANDATORY EQUAL EMPLOYMENT OPPORTUNITY LANGUAGE

N.J.S.A. 10:5-31 et seq. (P.L. 1975, c. 127)

N.J.A.C. 17:27

CONSTRUCTION CONTRACTS

During the performance of this contract, the contractor agrees as follows:

The contractor or subcontractor, where applicable, will not discriminate against any employee or applicant for employment because of age, race, creed, color, national origin, ancestry, marital status, affectional or sexual orientation, gender identity or expression, disability, nationality or sex. Except with respect to affectional or sexual orientation and gender indemnity or expression, the contractor will ensure that equal employment opportunity is afforded to such applicants in recruitment and employment, and that employees are treated during employment, without regard to their age, race, creed, national origin, ancestry, marital status, affectional or sexual orientation, gender identity or expression, disability, nationality or sex. Such equal employment opportunity shall include, but not be limited to the following: employment, up-grading, demotion, or transfer; recruitment or recruitment advertising; layoff or termination; rates of pay or other forms of compensation; and selection for training, including apprenticeship. The contractor agrees to post in conspicuous places, available to employees and applicants for employment, notices to be provided by the Public Agency Compliance Officer setting forth provisions of this nondiscrimination clause.

The contractor or subcontractor, where applicable will, in all solicitations or advertisements for employees placed by or on behalf of the contractor, state that all qualified applicants will receive consideration for employment without regard to age, race, creed, color, national origin, ancestry, marital status, affectional or sexual orientation, gender identity or expression, disability, nationality or sex.

The contractor or subcontractor, where applicable, will send to each labor union or representative or workers with which it has a collective bargaining agreement or other contract or understanding, a notice, to be provided by the agency contracting officer advising the labor union or workers' representative of the contractor's commitments under this act and shall post copies of the notice in conspicuous places available to employees and applicants for employment.

The contractor or subcontractor, where applicable, agrees to comply with any regulations promulgated by the Treasurer, pursuant to N.J.S.A. 10:5-31 *et seq.*, as amended and supplemented from time to time and the Americans with Disabilities Act.

When hiring or scheduling workers in each construction trade, the contractor or subcontractor agrees to make good faith efforts to employ minority and women workers in each construction trade consistent with the targeted employment goal prescribed by N.J.A.C. 17:27-7.2; provided, however, that the Dept. of LWD, Construction EEO Monitoring Program may, in its discretion, exempt a contractor or subcontractor from compliance with the good faith procedures prescribed by the following provisions, A, B and C, as long as the Dept. of LWD, Construction EEO Monitoring Program is satisfied that the contractor or subcontractor is employing workers provided by a union which provides evidence, in accordance with standards prescribed by the Dept. of LWD, Construction EEO Monitoring Program, that its percentage of active "card carrying" members who are minority and women workers is equal to or greater than the targeted employment goal established in accordance with N.J.A.C. 17:27-7.2. The contractor or subcontractor agrees that a good faith effort shall include compliance with the following procedures:

(A) If the contractor or subcontractor has a referral agreement or arrangement with a union for a construction trade, the contractor or subcontractor shall, within three days of the contract award, seek assurances from the union that it will cooperate with the contractor or subcontractor as it fulfills its affirmative action obligations under this contract and in accordance with the rules promulgated by the Treasurer pursuant to N.J.S.A. 10:5-31 et seq., as supplemented and amended from time to time and the Americans with Disabilities Act. If the contractor or subcontractor is unable to obtain said assurances from the construction trade union at least five business days prior to the commencement of the construction work, the contractor or subcontractor agrees to afford equal employment opportunities to minority and women workers directly, consistent with this chapter. If the contractor's or subcontractor's prior experience with a construction trade union, regardless of whether the union has provided said assurances, indicates a significant possibility that the trade union will not refer sufficient minority and women workers consistent with affording equal employment opportunities as specified in this chapter, the contractor or subcontractor agrees to be prepared to provide such opportunities to minority and women workers directly, consistent with this chapter, by complying with the hiring or scheduling procedures prescribed under (B) below; and the contractor or subcontractor further agrees to take said action immediately if it determines that the union is not referring minority and women workers consistent with equal employment opportunity goals set forth in this chapter.

(B) If good faith efforts to meet targeted employment goals have not or cannot be met for each construction trade by adhering to the procedures of (A) above, or if the contractor does not have a referral agreement or arrangement with a union for a construction trade, the contractor or subcontractor agrees to take the following actions;

- (1) To notify the public agency compliance officer, the Dept. of LWD, Construction EEO Monitoring Program, and minority and women referral organizations listed by the Dept. of LWD, Construction EEO Monitoring Program pursuant to N.J.A.C. 17:27-5.3, of its workforce needs, and request referral of minority and women workers;
- (2) To notify any minority and women workers who have been listed with it as awaiting available vacancies;
- (3) Prior to commencement of work, to request that the local construction trade union refer minority and women workers to fill job openings, provided the contractor or subcontractor has a referral agreement or arrangement with a union for the construction trade;
- (4) To leave standing requests for additional referral to minority and women workers with the local construction trade union, provided the contractor or subcontractor has a referral agreement or arrangement with a union for the construction trade, the State Training and Employment Service and other approved referral sources in the area;
- (5) If it is necessary to lay off some of the workers in a given trade on the construction site, layoffs shall be conducted in compliance with the equal employment opportunity and non-discrimination standards set forth in this regulation, as well as with applicable Federal and State court decisions;

(6) To adhere to the following procedure when minority and women workers apply or are referred to the contractor or subcontractor:

- (i) The contractor or subcontractor shall interview the referred minority or women worker.
- (ii) If said individuals have never previously received any document or certification signifying a level of qualification lower than that required in order to perform the work of the construction trade, the contractor or subcontractor shall in good faith determine the qualifications of such individuals. The contractor or subcontractor shall hire or schedule those individuals who satisfy appropriate qualifications standards in conformity with the equal employment opportunity and non-discriminations principles set forth in this chapter. However, a contractor or subcontractor shall determine that the individual at least possesses the requisite skills, and experience recognized by a union, apprentice program or a referral agency, provided the referral agency is acceptable to the Dept. of LWD, Construction EEO Monitoring Program. If necessary, the contractor or subcontractor shall hire or schedule minority and women workers who qualify as trainees pursuant to the rules. All of the requirements, however, are limited by the provisions of (C) below.
- (iii) The name of any interested women or minority individual shall be maintained on a waiting list, and shall be considered for employment as described in (i) above, whenever vacancies occur. At the request of the Dept. of LWD, Construction EEO Monitoring Program, the contractor or subcontractor shall provide evidence of its good faith efforts to employ women and minorities from the list to fill vacancies.
- (iv) If, for any reason, said contractor or subcontractor determines that a minority individual or a woman is not qualified or if the individual qualifies as an advanced trainee or apprentice, the contractor or subcontractor shall inform the individual in writing of the reasons for the determination, maintain a copy of the determination in its files, and send a copy to the public agency compliance officer and to the Dept. of LWD, Construction EEO Monitoring Program.

(7) To keep a complete and accurate record of all requests made for referral of workers in any trade covered by the contract, on forms made available by the Dept. of LWD, Construction EEO Monitoring Program and submitted promptly to the Dept. of LWD, Construction EEO Monitoring Program upon request.

(C) The contractor or subcontractor agrees that nothing contained in (B) above shall preclude the contractor or subcontractor from complying with the union hiring hall or apprenticeship policies in any applicable collective bargaining agreement or union hiring arrangement, and, where required by custom or agreement, it shall send journeymen and trainees to the union for referral, or to the apprenticeship program for admission, pursuant to such agreement or arrangement. However, where the practices of a union or apprenticeship program will result in the exclusion of minorities and women or the failure to refer minorities and women consistent

with the targeted county employment goal, the contractor or subcontractor shall consider for employment persons referred pursuant to (B) above without regard to such agreement or arrangement; provided further, however, that the contractor or subcontractor shall not be required to employ women and minority advanced trainees and trainees in numbers which result in the employment of advanced trainees and trainees as a percentage of the total workforce for the construction trade, which percentage significantly exceeds the apprentice to journey worker ratio specified in the applicable collective bargaining agreement, or in the absence of a collective bargaining agreement, exceeds the ratio established by practice in the area for said construction trade. Also, the contractor or subcontractor agrees that, in implementing the procedures of (B) above, it shall, where applicable, employ minority and women workers residing within the geographical jurisdiction of the union.

After notification of award, but prior to signing a construction contract, the contractor shall submit to the public agency compliance officer and the Dept. of LWD, Construction EEO Monitoring Program an initial project workforce report (Form AA 201) electronically provided to the public agency by the Dept. of LWD, Construction EEO Monitoring Program, through its website, for distribution to and completion by the contractor, in accordance with N.J.A.C. 17:25-7. The contractor also agrees to submit a copy of the Monthly Project Workforce Report once a month thereafter for the duration of this contract to the Dept. of LWD, Construction EEO Monitoring Program and to the public agency compliance officer.

The contractor agrees to cooperate with the public agency in the payment of budgeted funds, as is necessary, for on-the-job and/or off-the-job programs for outreach and training of minorities and women.

(D) The contractor and its subcontractors shall furnish such reports or other documents to the Dept. of LWD, Construction EEO Monitoring Program as may be requested by the Dept. of LWD, Construction EEO Monitoring Program from time to time in order to carry out the purposes of these regulations, and public agencies shall furnish such information as may be requested by the Dept. of LWD, Construction EEO Monitoring Program for conducting a compliance investigation pursuant to **Subchapter 10 of the Administrative Code (N.J.A.C. 17:27)**.

17. **Americans With Disabilities Act of 1990:**

Discrimination on the basis of disability in contracting for the purchase of goods and services is prohibited. Bidders are required to read Americans With Disabilities language that is included as below and agree that the provisions of Title II of the Act are made a part of the contract. The contractor is obligated to comply with the Act and to hold the owner harmless.

**AMERICANS WITH DISABILITIES ACT OF 1990
Equal Opportunity for Individuals with Disabilities**

The contractor and the Cumberland County Improvement Authority (hereinafter "owner") do hereby agree that the provisions of Title II of the Americans With Disabilities Act of 1990 (the "Act") (42 U.S.C. S121 01 *et seq.*), which prohibits discrimination on the basis of disability by

public entities in all services, programs, and activities provided or made available by public entities, and the rules and regulations promulgated pursuant there unto, are made a part of this contract. In providing any aid, benefit, or service on behalf of the owner pursuant to this contract, the contractor agrees that the performance shall be in strict compliance with the Act. In the event that contractor, its agents, servants, employees, or subcontractors violate or are alleged to have violated the Act during the performance of this contract, the contractor shall defend the owner in any action or administrative proceeding commenced pursuant to this Act. The contractor shall indemnify, protect, and save harmless the owner, its agents, servants, and employees from and against any and all suits, claims, losses, demands, or damages, of whatever kind or nature arising out of or claimed to arise out of the alleged violation. The contractor shall, at its own expense, appear, defend, and pay any and all charges for legal services and any and all costs and other expenses arising from such action or administrative proceeding or incurred in connection therewith. In any and all complaints brought pursuant to the owner's grievance procedure, the contractor agrees to abide by any decision of the owner which is rendered pursuant to said grievance procedure. If any action or administrative proceeding results in an award of damages against the owner, or if the owner incurs any expense to cure a violation of the ADA which has been brought pursuant to its grievance procedure, the contractor shall satisfy and discharge the same at its own expense.

The owner shall, as soon as practicable after a claim has been made against it, give written notice thereof to the contractor along with full and complete particulars of the claim. If any action or administrative proceeding is brought against the owner or any of its agents, servants, and employees, the owner shall expeditiously forward to have forwarded to the contractor every demand, complaint, notice, summons, pleading, or other process received by the owner or its representatives.

It is expressly agreed and understood that any approval by the owner of the services provided by the contractor pursuant to this contract will not relieve the contractor of the obligations to comply with the Act and to defend, indemnify, protect, and save harmless the owner pursuant to this paragraph.

It is further agreed and understood that the owner assumes no obligation to indemnify or save harmless the contractor, its agents, servants, employees and subcontractors for any claims which may arise out of their performance of this Agreement. Furthermore, the contractor expressly understands and agrees that the provisions of this indemnification clause shall in no way limit the contractor's obligations assumed in this Agreement, nor shall they be construed to relieve the contractor from any liability, nor preclude the owner from taking any other actions available to it under any other provisions of the Agreement or otherwise at law.

18. **Prevailing Wage Rates:**

It is the public policy of the state of New Jersey that all workmen engaged in public works be paid a prevailing wage, in order to safeguard their efficiency and general well-being and to protect them as well as their employers from the effects of serious and unfair competition resulting from wage levels detrimental to efficiency and well-being. Therefore, a bidder in preparing its bid proposal shall take into consideration the requirements of Chapter 150, L. 1963

(N.J.S.A. 34:11-56.25 *et seq.*) as amended in Chapter 64 L. 1974 that all workmen shall be paid according to the prevailing wage rates. The bidder shall ascertain from the State Commissioner of Labor and Industry the prevailing wage rates applicable for each craft or trade needed to perform the work specified. The bidder is hereby notified that the successful bidder shall be required to pay wages to all workmen which shall be not less than the prevailing wage rate as established by the State Commissioner of Labor and Industry. If it is determined during the prosecution of the Contract that any workmen employed by the Contractor or any subcontractor employed by the prime Contractor has been paid a rate of wages less than the prevailing wage required to be paid, the CCIA may terminate the Contractor's or the subcontractor's right to proceed with the work, or such part of the work as to which there has been a failure to pay required wages and to prosecute the work to completion. The CCIA will reserve the right to allow the prime Contractor or the subcontractor to correct retroactively any deficiencies found in the prosecution of any work specified.

Contractors or subcontractors performing any of the specified works contained within the Contract Documents or Addenda thereto shall post the prevailing wage rates for each craft and classification involved as determined by the Commissioner of Labor and Industry, including the effective date of any changes thereof, in prominent and easily accessible places at the site of the work or at such place or places as are used by them to pay workmen their wages.

In accordance with N.J.A.C 12:60-2.1 of the New Jersey Prevailing Wage Act, the Contractor shall submit a certified payroll record for each payroll period to the CCIA within ten (10) days of the payment of wages.

19. **Public Works Contractor Registration Act Requirement:**

Bidders are required to comply with the provisions of P.L. 1999, c.238, Public Works Contractor Registration Act. Contractors and subcontractors are required to submit with the bid:

1. A copy of the registration forms filed with the Commissioner of Labor pursuant to the Public Works Contractor Registration Act; and

Cumberland County Improvement Authority

The Cumberland County Improvement Authority believes it is a function of government to train people for careers, and for their future, as well as to insure that there will be a skilled trained workforce in the future, and that an appropriate apprenticeship program would provide that workforce of skilled labor. Therefore the Authority requires the following:

1. That with respect to award of construction contracts which meet or exceed the bid threshold as established by the State of New Jersey, the bidder shall have an approved apprenticeship program pursuant to standards established under N.J.S.A. 34:1A-36 *et seq.*;
2. All sub-contractors used by said bidders shall also have an approved apprenticeship program; and
3. If a bidder or sub-contractor does not have its own approved apprenticeship program as set forth above, the requirement may be met by submitting a Statement of Agreement not to employ any worker of less than a journeyman status on the project.

APPROVED APPRENTICESHIP FORM FOR CONSTRUCTION PROJECTS

Public policy in the State of New Jersey as reflected by statutes (N.J.S.A. 34:15E -1 et seq. and N.J.S.A. 34:1A-36 et seq.) recognizes the benefits of highly skilled workforces through the implementation of apprenticeship programs.

Apprenticeship is training in occupations that require a wide and diverse range of skills and knowledge, as well as maturity and independence of judgment. It involves planned, day-by-day training on the job and experience under proper supervision, combined with related technical instruction.

As practiced by modern industry, apprenticeship is a business-like system designed to provide workers entering industry with comprehensive training by exposing them to the practical and theoretical aspects of the work required in a highly skilled occupation. This is accomplished through structured training on the job and related theoretical instruction.

TITLE 29, FEDERAL REGULATIONS, PART 29.4

An apprentice-able occupation is one that:

1. Is customarily learned in a practical way through a structured, systematic program of supervised on-the-job training.
2. Is clearly identified and commonly recognized throughout an industry.
3. Involves manual, mechanical, or technical skills and knowledge that require a minimum of 2,000 hours of on-the-job training.
4. Requires related instruction to supplement the on-the-job training. Such instruction may be given in a classroom, through correspondence courses, self-study, or other means of approved instruction.

Under the National Apprenticeship Act, the Bureau of Apprenticeship and Training (BAT) is responsible for providing service to existing apprenticeship programs and technical assistance to organizations who would like to establish an apprenticeship program. The Bureau works very closely with State Apprenticeship Councils (SAC) and the educational system to deliver support services at the national, state, and local levels.

Approved apprenticeship programs are usually available through local county vocational schools, through various union locals and/or through the U.S. Department of Labor. The U.S. Department of Labor of New Jersey is located at:

U.S. Department of Labor
Bureau of Apprenticeship and Training
485 Route 1 South
Building "E", Room 300

Iselin, New Jersey 08830
Phone: 732-750-9191 / Fax: 732-750-0788

The Cumberland County Improvement Authority's specifications for all construction require proof of an approved apprenticeship program. Alternatively, if a bidder or sub-contractor does not have its own approved apprenticeship program, the requirement may be met by submitting a Statement of Agreement not to employ any worker of less than a journeyman status on the project.

Acceptable forms of verification may include a United States Department of Labor Office of Apprenticeship Training Employer and Labor Registration, or a signed agreement with a contractor or other apprenticeship program, or any other form of verification acceptable to the County. Application forms for U.S. Department of Labor Apprenticeship Agreement, which are administered by the Office of NJ Department of Education, Office of School-to-Career and College Initiatives, and a sample copy of the U.S. Department of Labor Agreement are contained in this specification. Apprenticeship program requirements are considered a material requirement. Failure to comply with these requirements will be cause for rejection of your bid. Proof of an apprenticeship program for all trades should be presented with your bid at the time scheduled, but, in no case, later than forty-eight (48) hours after the date and time of the bid opening.

Following is a form upon which you will identify all various trades called for on this project. The bidder shall provide proof of participation in an approved apprenticeship program for each trade listed (and any other the vendor proposes to use).

Vendor must also supply proof of participation in appropriate apprenticeship program for subcontractors as well.

NOTE TO ALL BIDDERS:

A sample of an application for an apprenticeship program, and a copy of the certificate of an apprenticeship program are included in these specifications. A completed copy of either of these two forms submitted to the county will suffice as proof of an apprenticeship program.

Apprentices will be accorded equal opportunity in all phases of apprenticeship as stated above.

TERM OF APPRENTICESHIP, PROBATION PERIOD, CANCELLATION, WORK EXPERIENCE, WAGE SCHEDULE, LAYOFF, RATIO, ETC.

The term of apprenticeship shall be as stated on the attached trade schedule(s). Either party or agency may cancel the apprenticeship agreement by notifying the others. During the probationary period the apprenticeship agreement may be cancelled by either party without stated cause. After the probationary period, the agreement may be suspended or cancelled by sponsor for cause, or at the request of the apprentice. The registration and approval agencies and apprentice shall be notified in writing of all suspensions, cancellations, termination, and completions of apprenticeship together, with reasons applicable. When conditions make it necessary, every attempt will be made to have apprentices laid off in the commensurate ratio of apprentices to skilled workers (journeyworker) in the craft. Any apprentice laid off under this section shall be given the opportunity to be re-employed before any new apprentices shall be employed. When the employer is unable to fulfill their obligation under the apprenticeship agreement the transfer of the employer's training obligation should be made to another employer under the same program with the consent of the apprentice coordinator, apprenticeship committee or program sponsor. The ratio of apprentices to journeyworker is determined by the sponsor in consultation with the Bureau of Apprenticeship and Training consistent with the proper supervision, training and continuation of employment. The entry wages of the progressively increasing schedule of wages shall not be less than the Federal or State minimum wage unless a higher wage is required by a collective bargaining agreement.

SUPERVISION OF APPRENTICES

The sponsor shall designate a qualified person who will be responsible for the supervision and training of apprentices in accordance with the attached work process. Adequate records shall be kept by the sponsor indicating the apprentice's progress as well as current status in the training program by conducting periodic reviews and evaluations in both on-the-job and related instruction.

DUTIES OF THE JOINT AGENCIES

The sponsor and apprentice may consult with the representatives of the Bureau of Apprenticeship and Training or the Office of School-To-Career and College Initiatives concerning interpretations of the provisions of these standards.

WORKING CONDITIONS

The sponsor agrees to become familiar with Federal, State and local laws or regulations which may affect the employment of apprentices under this agreement. Except for related instruction, the workday and workweek should be the same as that of the journeyworkers in the trade.

RELATED INSTRUCTION

Supplemental related instruction is recognized as necessary to the development of competent journeyworkers. The New Jersey State Department of Education, Office of School-To-Career and College Initiatives and the county apprenticeship coordinator have the primary responsibility for providing and approving related instruction. This instruction constitutes a minimum of 144 hours for each year of apprenticeship. Exceptions must be approved by the Joint Agencies. Related instruction curricula are on file.

CREDIT FOR PREVIOUS EXPERIENCE

The sponsor may give credit for previous trade experience. Commensurate wage rates shall reflect any advancement of work credit. Related instruction credit will be evaluated and approved by the New Jersey Department of Education, Office of School-To-Career and College Initiatives together with county apprenticeship coordinators.

SAFETY PROVISIONS

Adequate and safe equipment and facilities for training and supervision, and safety training for apprentices on the job and in related instruction shall be furnished.

CERTIFICATE OF COMPLETION OF APPRENTICESHIP

Upon completion of apprenticeship, the sponsor will recommend that a Certificate of Completion of Apprenticeship be awarded to the apprentice. The Joint Agencies must verify completion of both parts of training prior to issuance of a Certificate of Completion, by the U.S. Department of Labor, Bureau of Apprenticeship and Training, and the New Jersey Department of Education, Office of School-To-Career and College Initiatives.

MODIFICATION OF STANDARDS

Any modification or changes in these standards will be submitted for approval promptly to the Bureau of Apprenticeship and Training. The Joint Agencies must verify completion of both parts of training prior to issuance of a Certificate of Completion by the U.S. Department of Labor, Bureau of Apprenticeship and Training, and the New Jersey Department of Education, Office of School-To-Career and College Initiatives.

ADJUSTMENT OF DIFFERENCES

UNDERGROUND FACILITY PROTECTION ACT

N.J.S.A. 48:2-73

ONE-Call is an underground facilities damage prevention system that operates under the direction of the Board of Public Utilities. ONE-CALL maintains membership and service territory data on each operator of an underground facility. Excavators must contact the system prior to excavations and, in turn, ONE-CALL will notify the operators of the planned excavation. Operators must then locate and mark out all of their facilities.

THE ATTENTION OF THE BIDDER IS DIRECTED TO THE FACT THAT THE CONTRACTOR IS RESPONSIBLE TO ASCERTAIN THE LOCATION OF ANY EXISTING UTILITY PRIOR TO ANY EXCAVATION WORK.

PRIOR TO STARTING ANY EXCAVATION WORK, THE CONTRACTOR SHALL CONTACT THE UNDERGROUND LOCATION SERVICE BY CALLING 1-800-272-1000 OR 1-908-232-9570.

The provisions of any other law, rule, regulation or ordinance to the contrary notwithstanding, any permit or permission for a road opening, building, blasting, demolition, or excavation granted by a public entity to an excavator that will result in excavation or demolition activity shall not be effective until the excavator has notified the One Call Damage Prevention System pursuant to Section 10 of the Act. This proof may be provided by supplying the public entity with the confirmation number assigned to the notice of intent pursuant to Subsection b of Section 4 of the Act.

An excavator shall notify the One-Call Damage Prevention System, established pursuant to Section 4 of this Act, of its intent to engage in excavation or demolition not less than three (3) business days and not more than ten (10) business days prior to the beginning of the excavation or demolition.

A COPY OF PROOF OF CONTACTING ONE-CALL WILL BE REQUIRED WITH ANY AUTHORITY PROJECT THAT REQUIRES ANY EXCAVATION AND/OR DEMOLITION WORK. THIS PROOF SHALL CONSIST OF A VERIFIED COPY OF THE ONE-CALL CONFIRMATION NUMBER ISSUED FOR THE PROJECT. THIS CONFIRMATION SHALL BE GIVEN TO THE SOLID WASTE COMPLEX ADMINISTRATOR AS PART OF AUTHORIZATION FOR FUTURE PAYMENTS FOR THE ASSOCIATED PROJECT.
